Program Overview

The Doctor of Ministry in Kingdom Business and Entrepreneurship is a professional doctorate for leaders in marketplace ministry. Students study marketplace ministry, kingdom enterprise development, faith and economics, and business as mission.

How EACU Is Different

Business is ministry in the marketplace. Students examine business practices from every side, weighing what Scripture teaches about work, wealth, and stewardship alongside proven business methods, and build ventures that are profitable, ethical, and purposeful.

At the doctoral level, EACU students become the ones who walk others through the evidence. Every course requires students to examine a question from every side, then build and defend their own position, and the doctoral project turns that work into something that can be taught, published, or put into practice.

> **Required in every EACU degree:** Biblical Interpretation (Rightly Dividing the Word), Biblical Finance and Stewardship, and Biblical Mindset and Mental Health. Every course is built with visual, auditory, reading and writing, and hands-on learning.
